Students need to have and Wear Inside Shoes while in the School

Recently a student at the school had their foot injured in part to a lack of inside shoes being worn. We would like to remind parents that students need to have inside shoes. Inside shoes protect students feet, keep our school clean and in the event of the need to evacuate the school due to a fire students have inside shoes to wear outside. Students need to remember to put on their inside shoes whenever they enter the building.

As March 17th, St. Patrick's Day falls on a Sunday this year the School will be Celebrating St. Patrick's Day on Friday Marcy 15th. Wear Green or suffer a PINCH!
