Regular Classes for students in the morning.

Student Attendance

School staff have noticed that there are far too many students who are showing up late to school. Students are missing valuable instructional time when they show up late. It is also very disruptive to the class when students are showing up late. Parents need to try to ensure that students get to their bus on time in the morning, so that they will have the greatest opportunity to be successful in school.

Dressing For Winter

Winter is coming soon. Students need to make sure that they are dressed for the weather. Students in Elementary Grades need to have winter boots on, snow pants, a winter jacket, toque, and gloves or mittens. Kids are very susceptible to cold weather which can lead to hyperthermia and hospitalization. Bus drivers can refuse students who are not dressed for winter weather. Your cooperation in this matter is greatly appreciated.

Elementary SOM

Parents wishing to observe the **Student of the Month (SOM)** assembly are welcome to join us in the Elementary Pit. The next student of the month will be Thursday December 6th. If your child is receiving an award the classroom teacher will try his and her hardest to contact you and invite you personally.

Parents wishing for their child to be dropped off at a place other than their home, need to ensure they send a note with their child or phone the school.

Great Attendance = Academic Success

Wanted Old or Unused Hockey Sticks

We are looking for old or unused hockey sticks that students can use during their recess time to play street hockey with. If you have any please send them to school with your child and they will be put to great use. Thank You

Sunchild Health Centre News

October went so quickly.....it's hard to believe that we are already in November!

Flu clinics were well attended and we thank all who came. We will still be offering Flu immunization at the Health Center on a "walk in" basis for those of you who found it difficult to attend our large clinic.

School immunization is underway. We are finding that there are students who attend school who have their immunization records in other Health Centers. If your child was immunized at another Health Center we would appreciate you contacting us so that we might get their immunization history from that Health Center. It is helpful in ensuring that students eligible for the school immunization programs have the option of participating.
