Student Attendance

School staff have noticed that there are quite a few students who are regularly showing up late to school. Students are missing valuable instructional time when they show up late. It is also very disruptive to the class when students are showing up late. Parents need to try to ensure that students get to their bus on time in the morning, so that they will have the greatest opportunity to be successful in school.

Parents wishing for their child to be dropped off at a place other than their home, need to ensure they send a note with their child or phone the school.
